Good Afternoon Valued Family Promise Partner,

We wanted to let you now that after five years serving as the Executive Director of Family Promise of Greater Orlando and leading the organization with the support of the Family Promise team through significant growth, increasing the capacity of the organization to serve over double the number of families with children, Kathie Southern has made the difficult decision to leave the organization. She is choosing to work more closely with her local community in Lakeland and prioritize time with her family. We thank Kathie for her hard work and wish her well.

We are excited to announce that Jennifer Campos will be serving – effective immediately – as the Acting Executive Director and Operations Director. Jennifer will be working with Carin Anderson, our long-term Senior Development Director, in this role. We were fortunate to have Jennifer join Family Promise of Greater Orlando three years ago. Jennifer and the team brought the operations of Family Promise to a new operational level and received the Employee of the Year Award last year.

Jennifer was the Acting Executive Director during the recent two months while Kathie was on sabbatical. We thank Jennifer and her team for their superior handling of this period. Prior to her work at Family Promise, Jennifer has worked in the non-profit sector in community outreach to assist families and individuals out of homelessness, in addition to operating her own business location for 10+ years and leading an Orlando-based company as Vice President and General Manager.

Please join us in supporting Jennifer and her team as they move forward with our mission.

Our Mission: We take a holistic approach, offering prevention services to help families avoid crisis, emergency shelter and case management for those experiencing homelessness, and stabilization programs that support long-term independence after housing is secured.

With appreciation,

James Moyer
Board President
Family Promise of Greater Orlando
